~Helen Keller
State & Region Level Identification & Competition Process for Elite Players

There is also US Youth Soccer ODP in Europe for American players.

This Program spans half the globe!
The US Youth Soccer ODP Philosophy

To identify players of the highest caliber on a continuing and consistent basis, which will lead to increased success for the U.S. National Teams in the international arena.
US Youth Soccer ODP

Purpose

The US Youth Soccer Olympic Development Program was formed in 1977 to identify a pool of players in each age group from which a National Team will be selected for international competition; to provide high-level training to benefit and enhance the development of players at all levels; and, through the use of carefully selected and licensed coaches, develop a mechanism for the exchange of ideas and curriculum to improve all levels of coaching.
State Select Team

To develop each player in the program to their full potential to enhance the enjoyment of playing the game.

To increase the skill level of the players to raise the level of play in their local environment.
State Select Team

To develop all players to achieve their highest possible level.

To identify players of the highest caliber on a consistent basis to lead to increased success for the US National teams in the international arena.
Region Trials

• US Youth Soccer Regions offer regional trials for State Select Teams in each eligible age group. The trials are designed to provide high level competition and training for participating players. During this training and competition, players who are capable of performing at a higher level of play are identified for possible national team camp, pool or team participation.
The US Youth Soccer Region ODP teams participate in the National Camps and Interregional events that are held throughout the year at various locations in the United States. National and Regional Staff Coaches are present at these events to observe, train and identify players for placement in the national pool or on a national team. The Region ODP pools also participate in international competitions with teams from other countries.

Work Hard - Play Smart
If at first you don’t succeed...

- "Courage does not always roar. Sometimes, courage is that quiet voice that says...I will try again tomorrow."
  ~Mary Anne Radmacher

One of the biggest gripes some people have when they don't make a team is that it has to do with some political process. They blame lack of success on favoritism or prejudice. So, rather than discussing or evaluating failure through lack of ability or performance, the issue is politics. ... So if you don't want to leave it to chance, don't let it be close. Make a clear statement in the trial about who you are and what you can do.
Success is not final, failure is not fatal: it is the courage to continue that counts.

Winston Churchill

PERSERVERANCE

This attitude requires "we-opic" vision ("What's in it for we?"), a challenging step up from the common "me-opic" mindset.
Player evaluation criteria – the ability to consistently execute the **Principles of Play** at speed while under pressure.

**OLYMPIC DEVELOPMENT PROGRAM**
Player Evaluation

Roles of Play

• Recognize when to be 1\textsuperscript{st} or 2\textsuperscript{nd} or 3\textsuperscript{rd} attacker or defender.

• Ability to effectively execute those roles.

"Winners display competitiveness and composure at the right moment."
Arsène Wenger
Identification – Selection Criteria

✓ Technique – quality of first touch, comfort level on the ball, can you play inside a phone booth?

✓ Fitness – natural physical talents, current physical fitness level

✓ Tactics – 80% of tactical movement (decisions) occur off-the-ball…what are you doing at those moments in the match? Quality of decisions made when on the ball.

✓ Psychology – composure, determination, mental toughness, awareness, ability to stay focused for a full match
Player Evaluation

- Technical Skills
  - Technical speed
  - Consistent skills
  - Range of skills
  - Quality of skills

"Being optimistic, not arrogant – I believe I will win. To be afraid of losing removes the willingness to win."

Vanderlei Luxemburgo
Player Evaluation

• Athletic Ability
  – Speed … especially acceleration
  – Vertical Jump
  – Power … explosiveness
  – Agility … balance
  – Endurance … stamina
  – Range of Motion … flexibility
Player Evaluation

Tactics

• Positioning (off-the-ball movement) will show to the greatest extent what a player sees in the game

• 1 vs. 1 decisions (defense & offense)

• Can play more than one position (versatility)

• Understands more than one formation and system of play

• Anticipation or reaction player (RTG)
Mental

Can handle adversity | Can control emotions ... thinking tactically | Strength of character | Positive impact on teammates | Fair Play | Competitor – will to win | Willingness to PREPARE to win! | Creative | Adaptable | Versatile | Composure | Enjoys the game – spirit of the game – FUN

"If you want to have a winning attitude, you have to win every match – even in training."

Ottmar Hitzfeld
Try-Out Process

- Open Trials are required by U. S. O. C., U.S. Soccer and US Youth Soccer at least once per year.
- Invitation only trials are also allowed.
- Scouting to identify and invite players to trials may be part of the state level process.
- State Trials
- Regional Trials
- National Camp
Player Evaluation

- The scouting aspect of US Youth Soccer ODP identifies players under match conditions at league matches, tournaments and state cup competitions.
Player Evaluation

Scouting or evaluation questions to ask:

- Are they playing up?
- In what division are they playing?
- What is the strength of their team and what level of success has it achieved?
- What is the quality of coaching and training they are receiving?
Player Selection

Motivation without money

- Selection (power)
- Coach (passion)
- Cause (dreams)
- Environment (stimulating)
- Recognition (attention)
- Rewards (psychological)

How does participation in the Olympic Development Program help soccer to mature in the state?

STATE SELECT TEAM
# State Youth Soccer ODP

## Positives
- Chance for driven players to grow in the game
- Playing with and against very good players
- Exposure to out-of-state college coaches and professional scouts
- Professional growth for coaches and administrators
- Broaden the soccer horizons for all participants … including parents

## Negatives
- Time commitment
- Travel distances
- Cost
- Fear of failure
- It’s political
  - They only pick players from the big clubs / states

**Work Hard - Play Smart**
US Youth Soccer ODP is continually one of the most visible state and regional programs. Determining who the best players are in the state and making appropriate selections through evaluation/try-outs and scouting is very difficult. Parents often perceive the program as an opportunity for a college scholarship; however, the program’s number one priority is the identification of players with the ability to move to the next level of competition.
State ODP Team Selection

What are the challenges?

- Increase the participation of club coaches to recommend quality players to the program
- Reach out to rural areas, inner-city areas and small clubs more effectively
- Reduce the subjectivity in the identification process
- Improve communication between state coaches
- Have all of the state coaches attend training
- Getting state coaches to remain open minded during the selection process
- Increasing the level of competition
State ODP Team Selection

Once a player is in the state pool coaches should ask themselves these questions to further evaluate the players:

- Are they comfortable outside their club environment?
- Can they adjust to a different system?
- How do they react when they are asked to play a different position?
- What are their playing tendencies when playing alongside equal or better players?
- Are they committed and willing to make the sacrifice?
- Can they handle the level of competition?
- Can they perform well under the pressure of:
  - Matches versus other state select teams?
  - A championship match?
  - The observation of college coaches, national scouts and regional staff?
  - Coming off the bench?
ODP National Championships

Beginning with competition at the US Youth Soccer Region level State Select Teams vie for the chance to play for a national championship. State teams that win a regional championship in two age groups (U16 & U17) go onto the national finals. The finals are great competition and they are well scouted by coaches from the next level of play.
Olympic Development Program

What are the Benefits of Participating in US Youth Soccer ODP?

1. Development as a player. The opportunity to train and play with the best player's in one's age group.
2. Quality instruction from nationally licensed coaches.
3. Quality competition. Games against other state select teams.
4. Exposure to regional and national team coaches.
5. The opportunity to represent one's state, region or country in competition.
6. Exposure to college and professional coaches.
No Pain – No Gain!

As long as you strive for the top of the pyramid you will end up at a higher level than where you began.
