RE: Coronavirus-COVID-19 - Suspension of all activities

We hope this communication finds you, your family and friends healthy and safe.

US Youth Soccer recently pushed back its return to activity date to May 1st, 2020. With that said, all CJSA affiliated and sanctioned events will remain suspended through April 30th.

In addition, we had to make the unfortunate decision to cancel the CT Cup and State Cup (full refunds will be given). The Regional Championships and National Championships have also been canceled by US Youth Soccer.

US Youth will reassess its May 1st, 2020 return-to-play date and provide another update on or around April 15th. At that time, CJSA will consider that information as well as any information provided by our local officials before providing an additional update.

In the meantime, please stay safe.
